Who Creates A Budget?

The budget is:

Prepared & **Proposed** by Staff

Modified & **Approved** by the Budget
Committee

Modified & **Adopted** by the Governing
Board

A Budget Officer must be appointed – either by the governing body or as outlined in district charter/other governing document.

22

Budget Prep: Appointing Budget Committee Members

- The Budget Committee is a local government's "fiscal planning advisory committee" ([Local Budgeting Manual](#)).
- Members must be qualified voters in the district.
- Districts over 200,000 in Multnomah County can have their governing body serve as budget committee (more on that later).
- ORS 329.711 – School district budget committees must fill at least one vacancy with member of educational equity advisory committee.

Budget Prep: Creating the Budget Calendar

- Prepared by the Budget Officer
- Includes:
 - Timing of Proposed, Approved and Adopted Budgets
 - Scheduled meetings and hearings
 - Dates of required notices (Budget Committee and Public Hearing)
 - TSCC and other filing requirements
 - Tax elections, if necessary

Goal is to ensure all steps are completed prior to July 1

Estimating Non-Operating Expenditures

ORS calls out several categories for special treatment – these are appropriated separately from operating expenditures (personnel services, materials & supplies, and capital outlay).

Debt service – estimates must include separate amounts for principal and interest for each bond issue in each fund.

ORS 294.388(6)

Special Payments – includes payments of taxes, pass-through fees or charges, grants to other organizations, and other expenditure that do not fit in the other expenditure categories

(Definition from object classifications section of Local Budgeting Manual)

Estimating Contingencies

“The estimate for a fund may include an estimate for general operating contingencies”. 294.388(7)

An operating contingency is for expenditures in “operating funds” that “cannot be foreseen and planned in the budget” and should be based on prior history or risk analysis. OAR 150-294-0430

There is no limit on how much can be budgeted as contingency.

No Contingencies in Debt Service Funds!

Estimating Reserved for Future Expenditures & Unappropriated Ending Fund Balance

150-294-0440

Reserved for Future Expenditures OAR 150-294-0350

- Can be budgeted in a Reserve Fund and is for funds “saved” for use in future fiscal years.
- Not included in appropriations, but can be appropriated using a supplemental budget if need arises.

Unappropriated Ending Fund Balance OAR 150-294-0440

- Set-aside for next year’s working capital prior to receipt of revenues sufficient to meet expenditures.
- Cannot be spent during the year except in specified situations.

Pop Quiz

For personnel services, what are you required to include in your budget detail sheets?

- A. Full Time Equivalent amounts (FTE)
- B. A list of individual positions
- C. Salary ranges for each positions

Roadblock!

Some rules for requirements:

- **Personnel Services:** Individual positions do not need to be listed in budget, roll them up to a wages line item. Include Full Time Equivalent (FTE) tally.
- **Capital Outlay:** The district determines what qualifies as a capital expenditure. Document that decision in financial policies.
- **Debt Service:** Budget must show separate amounts for principal and interest ORS 294.388(6)
- **Contingency:** In operating funds only, no limit on size, but cannot be used for expenditures-must be transferred to an expenditure line item.

OAR 150-294-0430 and ORS 294.463(2)

- **Ending Fund Balance:** not an appropriation. Use is severely restricted.

Organization Matters

- Your budget is what is used to justify the appropriations in your budget resolution.
- Your appropriations must be organized as specified in budget law (by fund, by org unit or program/activity or ODE function or object classification)
- Organize your budget to easily flow into the appropriations in your budget resolution.

- Resources are budgeted by fund and source

Roadblock!

Things to watch out for when releasing the Proposed Budget document

- At a minimum, proposed budget consists of the detail budget sheets and budget message (ORS 294.403)
- May be provided to members of the Budget Committee prior to first meeting for informational purposes only, (i.e. *no deliberations*)
- When given to Budget Committee it becomes a public document and a copy must be filed in the office of the municipal corporation for public inspection
- Means of duplication must be available to public. (District may charge reasonable fee for photo copies).

Getting the Budget Approved: The Budget Committee

Only in Multnomah County:

Large Districts serving populations over 200,000

Governing Board is Budget Committee

Small Districts serving populations under 200,000

Citizen Budget Committee

Budget Committee Membership For Small District

- Governing body and equal number of appointed electors
- Serve three year terms (four year terms if biennial budget)
 - ❖ If unable to find a willing number of appointive members, those who are willing to serve act along with the governing body
- All have equal authority
- Serve without compensation

73

Budget Committee Membership For Large District

- Governing body acts as the budget committee, without appointed citizen members.
- Governing body may choose, by Resolution, to appoint citizen members to the budget committee.
- Governing body of a city with a population in excess of 400,000 serves as the budget committee for the city's urban renewal agency.

74

Notice of Budget Committee Meeting

Important step in the budget process:

- Seeks public input
- Informs the public of the budget committee meeting(s)

Notice must contain the following items:

- Purpose (receive budget message and budget document)
- Date(s)
- Time
- Location(s) of the budget committee meeting(s)
- Where the public can inspect the budget
- When questions and comments will be received from the public (can be either at first meeting or subsequent meeting).

75

Notice of Budget Committee Meeting (cont.)

Four Publication Methods

- 1) Printing twice in newspaper

- 2) Posting notice on the district's website in a "prominent manner"
AND
Printing once in the newspaper 5-30 Days before meeting

- 3) Mail to each address

- 4) Hand delivery to each street address

76

Notice of Budget Committee Meeting (cont.)

More than one meeting:

- ❖ all meeting dates/times/locations can be included in first notice
- ❖ or meetings subsequent to first meeting can be noticed the same as regular meetings

First notice must include the meeting date at which public comment and questions will be taken.

PUBLIC PARTICIPATION IS A VERY IMPORTANT PART OF THE BUDGET PROCESS.

77

Budget Committee Quorum Rules

The budget committee must have a quorum present in order to conduct a meeting or take action.

- ❖ Quorum is more than half the number of the membership
- ❖ Takes majority of membership, not just majority of those present, voting in the affirmative to approve any motion

Budget Committee Duties

The committee's primary objectives are to:

- ❖ Receive the budget document
- ❖ Receive the budget message
- ❖ Hear and consider public comment

"The Budget Committee may not deliberate on the budget document before the first meeting." ORS 294.426(6)(a)

81

Budget Committee Duties (cont.)

- ❖ Establish resources & expenditures for each fund
- ❖ Approve the budget
 - Here is an example of motion approving the budget:
 - I move that the Fall City Budget Committee approves the 2024-25 fiscal year budget in the amount of \$32,000,081 as amended."
- ❖ Specify the maximum ad valorem (property tax) rate or dollar amount for each fund that receives property taxes.

Here is an example of motion setting the tax limits:

- I move that the Sun City budget committee approve the property tax for fiscal year 2024-25 at the rate of:
 - \$4.1523 per \$1,000 AV for the permanent rate tax levy
 - \$0.1800 per \$1,000 AV for the local option levy. and
 - \$345,698 for the general obligation bond levy

Budget Committee Duties – Budget Approval

- Committee Duties are complete once they approve budget.
- Budget staff will complete the Approved Budget column.

TSCC Review of Approved Budget

Why a TSCC Review?

1. TSCC is required by state law to review the Approved Budgets of member jurisdictions.
2. TSCC review is a good opportunity for a second look at your budget.
3. TSCC maintains all budget information by fund and by district in its database system, which is used to create the state law required Annual Report.

TSCC Review Requirements

Member Districts Send TSCC:

- Approved Budget Checklist (on TSCC website)
- Approved budget document
- Budget Message
- Budget Committee Meeting Notice
- Minutes and resolutions from the Budget Committee Meetings

What Does TSCC Review?

Some of the items we look for:

- ☐ Is each fund balanced in all four years?
- ☐ Do the actual expenses for prior years balance to the audit?
- ☐ Are the current and prior year property tax collections reasonable?
- ☐ Do the GO debt service payments balance to the debt service schedules?
- ☐ Is the GO debt service fund balance unnecessarily high?

TSCC Approved Budget Review

TSCC reviews the budget materials and provides a written review to Commissioners, along with any objections or recommendations it has with respect to the budget.

Recommendation

A notice that something in the budget/spending process was done incorrectly or could be improved.

Objection

Notice of something incorrect in the budget. Must be fixed prior to adoption.

TSCC Budget Review: Recommendations & Objections

Common Errors Generating Recommendations

Repeated over-expenditures in prior years
Improper meeting notice
Transfers don't balance across funds

Common Errors Generating Objections

An excessive fund balance in GO Bond fund
Having a contingency in a non-operating fund

TSCC Certification Letter

Following budget review and discussion with the Commissioners, TSCC will send member districts a letter certifying any recommendations and/or objections the commission has to budget or budget process.

This letter is acknowledged and discussed at the district's Budget Hearing.

Districts should respond to the recommendation or objection as requested in the letter.

Getting to Budget Adoption

1. Prepare financial summary of Approved Budget ORS 294.438
2. Schedule and notice a budget hearing ORS 294.438
3. Hold public hearing to accept comments from the public
ORS 294.453
4. Discuss TSCC review and certification (member districts)
ORS 294.645
5. Use a Budget Resolution to adopt the budget ORS 294.456

Small TSCC Districts

Budget Hearing Notice & Process

- District publishes a notice of the hearing as described in ORS 294.438
 - Use [DOR form LB-1, CC-1, UR-1, or ED-1](#)
- District conducts the public hearing
- Any person may appear for or against any item in the approved budget document

Large TSCC Districts

Budget Hearing Notice & Process

- District publishes a notice of the hearing with a streamlined, summary format. ORS 294.448(2)
- TSCC Commissioners conduct the public hearing*
- Any person may appear for or against any item in the approved budget document

**District is responsible for noticing the hearing*

The TSCC Budget Hearing

The TSCC Commissioners seek information from the board and staff.

- How are the budget priorities manifested in the budget?
- How do staffing increases or decreases impact the budget?
- Are performance measures being met over time?
- What are the budget impacts of new legislation?
- How is the district gathering and using community feedback?

Hearings are public and must be noticed properly by the district. Community members can testify at these hearings.

Budget Hearing Tips

You Must Have Quorum: To hold a budget hearing the majority of the total governing board membership must be present. To take any action requires the affirmative vote of a majority of the total governing board. Majority is defined as one more than half unless otherwise specified by law. OAR 150-294-0480

Holding Meetings Virtually: HB 2560 took effect January 1, 2022, requiring governing bodies to make meetings accessible remotely when possible. Whether meeting is in-person or remote, you must allow for public participation and state the method of participation in your hearing notice.

Role of Governing Body

Governing body to adopt budget, make appropriations, declare and categorize tax

294.456

- (1)(b) The governing body may amend the budget estimates and property tax amount or rate in the budget document before or after adoption (but before new fiscal year starts)
- (1)(c)(A) The amount of estimated expenditures for each fund in an annual budget may not be increased by more than \$5,000 or 10% of the estimated expenditures, whichever is greater.*
- (1)(c)(C) The tax levy rate or amount approved by the budget committee cannot be increased.*

*To make a change more than 10%/\$5,000 or to change the tax levy, you must publish a new financial summary, schedule and notice a new budget hearing, and resubmit your budget to TSCC.

So what does the Resolution do?

Adopts the Budget, Makes Appropriations, and Levy & Categorize Taxes

By adopting the budget, the governing body has:

Created appropriations, the legal authority to spend money-
and the legal limit.

Authorized the County Assessor to levy taxes on its behalf.

Pro Tip: Have someone review your budget resolution before you submit it to the governing body.

Appropriating by Organizational Unit

For Reference:

Org Unit Definition – Admin Rule 150-294-0320

An organizational unit is an administrative subdivision of a municipal corporation accountable for specific services, functions, or activities.

Example 1: Cities may allocate expenditures within the general fund to organizational units such as: City Recorder, Police Department, Fire Department, Library, etc.

Example 2: Counties may allocate expenditures within the general fund to organizational units such as: Assessor's Office, Treasurer's Office, Clerk's Office, Health Department, etc.

Example 3: For municipalities other than cities or counties, the governing body may identify organizational units within the general fund by the responsibilities assigned, e.g., General Administration, Plant Maintenance, etc.

For Reference:

Program/Activity Definition – ORS 293.311

A program is a group of related activities aimed at accomplishing a major service or function [ORS 294.311(33)].

Programs could include services and functions such as: fire protection, water, sewers, road maintenance, etc.

Most special districts are formed to provide just one or two major services. The budgets of these districts are considered program budgets unless one or more of the funds are organized by organizational unit.

School budgets that are organized according to the classification of accounts in the "Oregon Department of Education's Program Budgeting and Accounting Manual for School Districts" are considered program budgets.

Schools Appropriate by Oregon Dept. of Education Function (ORS 294.456(4))

- 3000 Enterprise & Community Services
- 4000 Facilities Acquisition and Construction
- 5000 Other Uses
 - 5100 Debt Service
 - 5200 Transfers
- 6000 Contingency

Post Adoption Budget Changes www.tscmultco.com

12 Questions

Q1: Our labor contract settled and the COLA is higher than we expected. We set some money aside in contingency, can we just spend directly from that?

You cannot spend directly from contingency – it must be transferred to another appropriation category.

To spend contingency that equals more than 15% of a fund's appropriations, you must do a supplemental budget.

TSCC resource on calculating the 15%: [PowerPoint Presentation \(tscmultco.com\)](https://tscmultco.com)

121

Q2: What's one of the most common budget mistakes?

Overspending Appropriations! Tips to avoid this mistake:

- Copy appropriation resolution and keep it prominently displayed in your work space.
- Run monthly reports to track actual revenues and expenses compared to budget estimates.
- React before expenditures exceed appropriation authority!

Bonus question: What's one of the most dangerous budget mistakes?

Budget Committee Not Properly Setting Property Tax Levies! Tips to avoid this mistake:

- Double, then triple check calculations before presenting to the Budget Committee.
- Insist that the committee approve all rates just as they will appear on LB/ED – 50.
- Refer to DOR's Local Budgeting Manual.

122

Q3: During budget committee deliberation we found an error in the Proposed Budget. What do we do?

Make the correction as part of the budget committee's approval process.

Correct errors in the Approved Budget when the Governing Board adopts the budget.*

*Keep in mind the 10% and property tax levy rules

123

Q4: Can a district increase its permanent property tax rate if it's too low?

No. A district cannot increase its permanent levy. The district has two options:

1. Dissolve the district and ask voter approval for a new district and a new permanent rate.
2. Ask the voters to approve a local option levy (which may be subject to compression).

124

Q5: We made a mistake and left something off the appropriations schedule our governing body adopted – what do we do?

If it is correct in your budget, you can do a resolution that corrects and reappropriates.

This can only be done when something is included in the actual budget document and mistakenly left off of the appropriations schedule, since the budget is the justification for the appropriation resolution.

125

Q6: Our budget committee would like to see the proposed budget a week in advance of their first meeting. Can I send it to them before the meeting?

Yes, budget law allows for sending individual copies of the budget to the committee anytime in advance of the meeting (ORS 294.426(6)). However, two key things to keep in mind:

- 1) The budget committee may not deliberate on the budget document as a body before the first meeting.
- 2) Per ORS 294.426(7)), immediately after providing the document to the budget committee "the budget officer shall file a copy of the budget document in the office of the governing body", at which point it becomes a public record. In practice, this means most districts publish it online so it is easily available to the public (in addition to having a hard copy available should someone request it). So, you can provide the document early as long as you also post it for the public to view.

126

Q7: We have a problematic budget committee member and would like to remove them from the committee? Can we do that?

If the budget committee member has violated the committee's code of conduct or regular attendance rules, it is possible to remove them from the committee.

127

Q8: What happens if the budget is changed more than 10% between approved and adopted and we forget to do a second hearing?

Ideally, this would be caught prior to budget adoption to allow for a second hearing. If you recognize the error after the fact, you can try a common sense approach to demonstrate the change as transparently as possible: in a supplemental budget, reduce the line item to the statutory limit, noting the reason for it in the supporting budget narrative.

You would then have another line noting the "new revenue" to officially recognize the planned receipt and expense.

128

Q9: We had to cancel an expected project and no longer need the fund – how do we close this fund?

294.346 Reserve fund established without vote

(2) ...When the governing body determines, by resolution, that it is no longer necessary to maintain such a reserve fund:

(b) There shall be transferred to the general fund or any other fund of the political subdivision that the governing body determines is appropriate:

(A) Any unexpended balance in the fund to be abolished that is not required to be held for subsequent expenditure for the purposes for which the fund was established;

See ORS 294.353 for dissolution of other fund types.

129

Q10: The appropriations in the budget resolution are the legal spending limits. But what about the object classifications in those appropriations? Are personnel services, materials & services, and capital outlay levels in the budget also legal spending limits?

A district's budget resolution is the sole source of legal spending limitations for local budget law purposes.

Generally, appropriations are made at the fund and organizational unit or program/activity level.*

Unless a district appropriated to the object classification level in their budget resolution, budget category and line item amounts are not spending limits.

**This is true for most districts. However, schools and ESDs appropriate by function categories, and community colleges may appropriate by function or by program.*

130

Q11: I want to modify my budget to transfer revenue and expenditures from one fund to another fund. Does this require a supplemental budget?

If you are transferring between funds (without changing the total appropriations across the budget), you can do a transfer approved by resolution (ORS 294.456).

What if it's more than 10% of the fund?

The 10% rule does not apply to interfund transfers (OAR 150-294-0540).

What if I need to create a new appropriation category to transfer the funds?

If the fund you are transferring to has no appropriations per your adopted budget resolution, you will need to do a supplemental budget (OAR 150-294-0550).

Q12: I know I should account for compression when estimating property taxes, but what is it again?

Let's take a property tax history tour...

132

The Dream of the 90s is Alive in Oregon

Prior to the 1990s:

- Oregon had a pure levy-based property tax system
- Each taxing district calculated its own tax levy based on its budget needs, with most limited to an increase of 6%
- The taxes each district imposed equaled its tax rate multiplied by its real market value (the assessor's assessment of what the property was worth on the market)

Oregon's property tax system was restructured in the 1990s by two statewide ballot measures that dramatically altered the system

133

What you see is NOT what you get

- Measure 5 & 50 limit property taxes
- Measure 5 (1990)
 - Capped property taxes for all general governments (cities, counties, special districts) and schools at \$10 and \$5 respectively per \$1,000 of real market value (RMV)
 - If the property taxes on an individual property exceed the Measure 5 limits, the taxes are reduced until the limitations are reached, a process known as **compression**.
- Measure 50 (1997)
 - Set a new assessed value (AV) level
 - Capped annual growth in AV at 3% annually
 - Set permanent rates for all taxing districts

Compression Example

Tax (calculated on AV):

General Govt (\$15/\$1,000 AV) = \$3,000

Education (\$7/\$1,000 AV) = \$1,400

Limits (calculated on RMV):

General Govt \$10/\$1,000 RMV = \$2,750

Education \$5/\$1,000 RMV = \$1,375

Difference = Compression Loss:

General Govt Tax (\$3,000) – Limit (\$2,750) = \$250

Education Tax (\$1,400) – Limit (\$1,375) = \$25

Taxes Extended – Compression = Taxes Imposed

RMV = \$275,000

AV = \$200,000

STATEMENT OF CHANGES IN ACTIVITIES and SOURCES OF FINANCING			
Our resources in FY 2018-19 will decrease \$603,434 primarily due to the winding down of the Sturgeon Lake (SL) restoration project, which had Grants and Contributions of \$765,520 this year and only \$147,525 budgeted for FY 2018-19. The resources in the General Fund will be essentially flat, with a budgeted increase in property taxes fully offset by a decrease in state and local grants and the beginning fund balance. Personnel Services requirements increased due to projected cost-of-living and merit pay adjustments, as well as higher health and retirement benefit costs. The Materials and Services requirements will decrease by \$622,954, and Capital Outlay by \$61,500, primarily due to SL related activity that will drop off due to project completion. Additionally, in the General Fund, certain grant funding existing in FY 2017-18 will not continue into FY 2018-19, resulting in a decrease in associated grant costs within Materials and Services.

The Holy Grail of Budget Law Is the Appropriation

- Districts DO things
- Doing things costs money
- Districts can't spend public money without legal authority
- District gives itself legal authority to spend money through appropriations
- Appropriation is legal permission to spend
- Appropriation is also legal limit on spending
- After budget adoption, all that matters is appropriations
