Schedules of Values, Certified Levies and Taxes Imposed

The following pages detail different aspects of the property tax system for 2025-26 including the tax computation process the county assessor utilized to prepare property tax statements:

Table 1 - 2025-26 Assessed Value by Property Type: This chart details, for the 36 principal taxing districts with the ability to impose ad valorem taxes, the assessed value broken down by manufactured structures, personal property, real property and centrally assessed (utility) property.

Table 2 - 2025-26 Real Market Value and Assessed Value by County: This chart provides the RMV and AV of each of the 36 districts principally located in Multnomah County with a comparison of the 2024-25 values and the percentage change. This table includes values for permanent tax rates only. Not shown are urban renewal agencies, two county service districts and Urban Flood Safety & Water Quality District, which do not levy a permanent rate.

Table 3 - 2025-26 Certified Taxes and Special Assessments: This chart provides details for all taxing districts that levy a tax in Multnomah County and have the majority of their district within Multnomah County.

Table 4 - 2025-26 Taxes to Be Imposed in Multnomah County for Districts Primarily Located in Multnomah County: These pages are the end result of the process. After computing tax rates and applying those rates to all property in the county, calculating the amount of urban renewal taxes, applying the limitations of Measure 5 for each property and adding additional taxes and penalties, the county assessor determines how much each district is to receive in 2024-25. Multnomah County collects tax for districts not primarily located in Multnomah County and levies special assessments, fees and charges levied. Information on these items can be found in the Multnomah County assessor's Summary of Assessments and Taxes report: <https://www.multco.us/assessment-taxation/reports-and-data>.
