Property Tax Data – Schedules of Values, Certified Levies, and Taxes Imposed

Schedules of Values, Certified Levies and Taxes Imposed

The following pages detail different aspects of the property tax system for 2021-22 including the tax computation process the county assessor utilized to prepare property tax statements:

Table 1 - 2022-23 Assessed Value by Property Type: This chart details, for the 35 principal taxing districts with the ability to impose ad valorem taxes, the assessed value broken down by manufactured structures, personal property, real property and centrally assessed (utility) property.

Table 2 - 2021-22 Real Market Value and Assessed Value by County: This chart provides information on the RMV and AV of each of the 35 districts principally located in Multnomah County with a comparison of the 2020-21 values and the percentage change. Not shown are urban renewal agencies and the two county service districts.

Table 3 - 2021-22 Certified Taxes and Special Assessments: This chart provides details for all taxing districts that levy a tax in Multnomah County and the majority of which are located in Multnomah County.

Table 4 - 2022-23 Taxes to Be Imposed in Multnomah County for Districts Primarily Located in Multnomah County: These pages are the end result of the process. After computing tax rates and applying those rates to all property in the county, calculating the amount of urban renewal taxes, applying the limitations of Measure 5 for each property and adding additional taxes and penalties, the county assessor determines how much each district is to receive in 2022-23. Multnomah County collects tax for districts not primarily located in Multnomah County and levies special assessments, fees and charges levied. Information on these items can be found in the Multnomah County assessor's Summary of Assessments and Taxes report: <https://www.multco.us/assessment-taxation/reports-and-data>.
