Submitted for testimony at Portland Parks Levy TSCC Hearing

October 15, 2026

Hello...Babs Vanelli here, 77 year old life long Portlander. Currently in Old Portland neighborhood, Sullivan's Gulch, NE, City Council District 2. There are numerous parks and Community Centers throughout District 2. One of the joys of living in Portland has been the easy access to these natural resources. I implore all of you to support the Parks Levy in whatever way you can.

Harking back to Governor Tom McCall, late 60's and Seventies. He was a true Environmentalist and protecting all Oregon's Natural Resources was a top priority for him. If he were alive, he would testify before you with avid support of the Parks Levy!

Thank you.
